An efficient technique for determining a worth is to send out a survey to your current customers. If these prospects have already bought an ebook from you, ask for their opinion in terms of price. Do this by creating a gross sales web page for the brand new book, but don't include a value on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out prices by creating a variety of duplicate sales pages with totally different prices on every page. Be sure your gross sales copy is strictly the same on each web page, and consists of your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your web site and sales of your book. It will let you know what your optimum price is.

Ultimately, if you've written a book that solves a drawback or presents a new method, your book will

usher in both site visitors and profits. So make sure you write that selling-handle sentence that sums up what drawback your guide solves and what the benefits of your 105 e-book might be to the shoppers who buy it. And then watch your market come to you!
