In addition to promoting your books assiduously online, there are a number of different methods that can make it easier to promote more books.

One is to provide one thing away for free with your e-book, resembling a beneficial bonus item. Or bundle several ebooks below one price, which lowers the value for each book if they have been sold separately.

An effective technique for determining a price is to send out a survey to your current customers. If these customers have already purchased an e book from you, ask for his or her opinion in terms of price. Do this by creating a sales web page for the brand new e-book, however don't include a worth on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out prices by making a variety of duplicate sales pages with totally different costs on every page. Ensure your gross sales copy is exactly the similar on each page, and includes your promoting-deal with sentence. Then determine for each page the conversion ratio between visitors to your website and gross sales of your book. This may inform you what your optimum value is.

In the end, for those who've written a ebook that solves a drawback or presents a new approach, your e-book will usher in both site visitors and profits. So remember to write that promoting-deal with sentence that sums up what drawback your e-book solves and what the advantages of your 1080 ebook can be to the purchasers who buy it. And then watch your market come to you!
