## Advertising Methods

The key that unlocks the gross sales potential of your ebook is to find a single sentence that becomes your promoting handle. This sentence states what question or downside your e book answers and the benefits your e book can provide. Then make sure you use that sentence in each piece of

sales and promotional materials, and every time anyone asks you about your ebook.

In addition to selling your books assiduously online, there are several different methods that may show you how to promote extra books.

One is to give something away at no cost with your ebook, corresponding to a precious bonus item. Or bundle several ebooks underneath one value, which lowers the price for every ebook if they had been offered separately.

An effective method for figuring out a price is to ship out a survey to your present customers. If these clients have already purchased an book from you, ask for their opinion when it comes to price. Do this by creating a gross sales page for the new guide, but don't embrace a value on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out prices by making a variety of duplicate sales pages with totally different costs on every page. Make sure your gross sales copy is exactly the same on each page, and consists of your promoting-handle sentence. Then work out for every page the conversion ratio between guests to your site and sales of your book. This can inform you what your optimum worth is.

Finally, if you've written a book that solves a problem or presents a new method, your ebook will usher in both visitors and profits. So be sure you write that promoting-handle sentence that sums up what downside your e-book solves and what the benefits of your 148 e-book can be to the customers who purchase it. After which watch your market come to you!
