each piece of gross sales and promotional material, and each time anyone asks you about your ebook.

In addition to selling your books assiduously on-line, there are a number of different methods that may enable you to promote extra books.

One is to give one thing away free of charge together with your e-book, corresponding to a beneficial bonus item. Or bundle several ebooks under one worth, which lowers the worth for every e-book if they had been sold separately.

An efficient technique for figuring out a price is to send out a survey to your present customers. If these customers have already purchased an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a sales page for the new e book, but do not embody a price on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to check out costs by creating a variety of duplicate sales pages with different costs on every page. Be certain that your sales copy is exactly the same on each web page, and contains your selling-handle sentence. Then figure out for each page the conversion ratio between visitors to your web site and gross sales of your book. This will tell you what your optimum value is.

Finally, should you've written a ebook that solves a problem or presents a brand new approach, your e-book will usher in both visitors and profits. So remember to write that promoting-handle sentence that sums up what problem your e-book solves and what the benefits of your 1605 ebook will probably be to the customers who purchase it.
