An effective approach for figuring out a worth is to send out a survey to your present customers. If these customers have already bought an ebook from you, ask for their opinion when it comes to price. Do that by creating a sales web page for the brand new book, however don't embody a value on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to check out costs by creating a number of duplicate gross sales pages with different costs on each page. Be sure your gross sales copy is exactly the similar on each page, and

contains your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and sales of your book. It will tell you what your optimum value is.

In the end, if you've written a guide that solves a downside or presents a new technique, your ebook will herald each site visitors and profits.
