An efficient approach for determining a value is to ship out a survey to your present customers. If these clients have already bought an ebook from you, ask for their opinion in terms of price. Do that by creating a sales web page for the new e-book, however don't embody a worth on that page. As an alternative, add various links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to check out prices by making a number of duplicate gross sales pages with different prices on each page. Ensure that your gross sales copy is strictly the same on each web page, and consists of your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your site and gross sales of your book. This may let you know what your optimum worth is.
