One other technique is to check out costs by making a number of duplicate sales pages with completely different costs on every page. Make sure your gross sales copy is strictly the similar on each page, and contains your selling-deal with sentence. Then figure out for each page the conversion ratio between visitors to your site and sales of your book. This may tell you what your optimum price is.

Finally, for those who've written a book that solves a problem or presents a brand new technique, your e book will herald both visitors and profits.
