In addition to promoting your books assiduously on-line, there are a number of other strategies that can show you how to promote more books.

An effective approach for figuring out a worth is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the brand new guide, but don't embody a value on that page. Instead, add numerous links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out costs by creating a number of duplicate sales pages with totally different costs on each page. Make sure your sales copy is exactly the same on every web page, and

consists of your selling-deal with sentence. Then determine for each page the conversion ratio between guests to your web site and sales of your book. This will inform you what your optimum value is.

Ultimately, if you happen to've written a guide that solves a downside or presents a new method, your book will herald both site visitors and profits. So be sure to write that promoting-deal with sentence that sums up what problem your guide solves and what the benefits of your 1803 ebook can be to the shoppers who buy it.
