Apart from selling your books assiduously online, there are a number of different methods that may show you how to promote extra books.

One is to offer one thing away at no cost with your ebook, resembling a helpful bonus item. Or bundle several ebooks under one price, which lowers the value for each e-book if they have been offered separately.

An efficient approach for determining a value is to ship out a survey to your current customers. If these clients have already bought an ebook from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the new e-book, however do not include a value on that page. Instead, add a number of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to check out costs by creating a number of duplicate gross sales pages with different prices on each page. Be sure your sales copy is precisely the similar on every web page,

and includes your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your site and gross sales of your book. This may inform you what your optimum price is.

Ultimately, in case you've written a e book that solves a drawback or presents a new technique, your book will herald both visitors and profits. So you should definitely write that promoting-deal with sentence that sums up what drawback your e book solves and what the benefits of your 1918 book will be to the purchasers who purchase it.
