An effective technique for determining a price is to ship out a survey to your current customers. If these customers have already bought an e book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the new e-book, however do not embrace a price on that page. As a substitute, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to test out costs by making a number of duplicate sales pages with totally different costs on every page. Be certain your gross sales copy is strictly the same on every page,

and contains your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your website and gross sales of your book. It will tell you what your optimum worth is.

In the end, for those who've written a e book that solves a problem or presents a new technique, your e-book will usher in each traffic and profits.
