Do this by creating a sales page for the new e book, but don't include a worth on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by making a number of duplicate gross sales pages with different prices on each page. Be sure your sales copy is strictly the identical on each web page, and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum price is.

In the end, in case you've written a book that solves a drawback or presents a brand new technique,
