Another strategy is to test out costs by creating a variety of duplicate gross sales pages with totally different prices on every page. Be certain your sales copy is precisely the similar on every

web page, and consists of your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your web site and sales of your book. This will let you know what your optimum price is.

Finally, if you happen to've written a book that solves a problem or presents a brand new technique, your e book will herald both traffic and profits.
