Do that by making a gross sales page for the new e book, but don't include a price on that page. One other strategy is to test out prices by creating a variety of duplicate sales pages with different prices on each page. Be certain that your sales copy is strictly the identical on every web page, and includes your promoting-handle sentence. Then work out for each web page the conversion ratio between visitors to your website and gross sales of your book. It will tell you what your optimum value is.
