After you determine your goal, you need to work out what your audience's need is in your ebook. For example, does your e-book resolve a selected drawback? If it does, and solves it in a means that hasn't been written about in 100 other ebooks, you will be in a position to achieve excessive gross sales at a excessive price. In case your e-book solves a problem or answers questions in a brand new and unique manner, you need to value your book as high as you may go. An effective approach for figuring out a worth is to ship out a survey to your current customers. If these prospects have already bought an ebook from you, ask for his or her opinion in terms of price.

Do this by creating a gross sales page for the brand new book, however do not embody a worth on that page. Instead, add a variety of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out prices by creating a variety of duplicate sales pages with completely different costs on each page. Be certain that your sales copy is strictly the identical on each web page, and includes your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your website and gross sales of your book. It will let you know what your optimum price is.

In the end, in case you've written a book that solves a drawback or presents a new technique, your e-book will herald each traffic and profits.
