One other strategy is to check out prices by creating a number of duplicate gross sales pages with totally different prices on every page. Ensure your gross sales copy is exactly the identical on every page, and includes your promoting-deal with sentence. Then figure out for every page the conversion ratio between visitors to your site and sales of your book. It will let you know what your optimum price is.

Finally, if you happen to've written a book that solves a drawback or presents a new method, your e-

book will bring in each traffic and profits. So you'll want to write that promoting-handle sentence that sums up what downside your e book solves and what the benefits of your 488 ebook will likely be to the purchasers who buy it. And then watch your market come to you!
