An efficient method for determining a worth is to ship out a survey to your present customers. If these prospects have already bought an e-book from you, ask for their opinion by way of price. Do this by creating a sales page for the brand new guide, but do not embrace a value on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to check out costs by making a number of duplicate gross sales pages with different costs on each page. Ensure that your sales copy is precisely the same on every web page, and contains your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your web site and sales of your book. This will tell you what your optimum value is.

Finally, for those who've written a book that solves a downside or presents a brand new method, your book will herald each traffic and profits.
