An efficient technique for determining a price is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion by way of price. Do that by making a gross sales page for the new e book, however don't embody a value on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out prices by making a number of duplicate sales pages with completely different costs on each page. Be sure your gross sales copy is precisely the same on each

page, and includes your selling-deal with sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum price is.

Ultimately, if you've written a ebook that solves a drawback or presents a brand new approach, your e book will usher in each visitors and profits.
