An efficient approach for determining a value is to send out a survey to your present customers. If these prospects have already bought an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the brand new book, but don't embody a value on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by making a variety of duplicate gross sales pages with completely different prices on each page. Be sure your sales copy is exactly the identical on each

page, and consists of your selling-deal with sentence. Then figure out for each web page the conversion ratio between guests to your site and gross sales of your book. This will let you know what your optimum worth is.

Finally, for those who've written a e book that solves a downside or presents a new method, your e book will bring in each visitors and profits. So make sure you write that promoting-deal with sentence that sums up what problem your book solves and what the benefits of your 614 guide will likely be to the purchasers who purchase it.
