Another strategy is to check out prices by creating a variety of duplicate sales pages with completely different costs on every page. Be certain your sales copy is precisely the same on every

web page, and contains your promoting-handle sentence. Then figure out for each page the conversion ratio between guests to your site and sales of your book. This may tell you what your optimum price is.

In the end, should you've written a e book that solves a drawback or presents a brand new method, your ebook will bring in both traffic and profits.
