Another technique is to test out prices by creating a number of duplicate gross sales pages with different prices on every page. Be sure that your sales copy is strictly the same on each web page,

and includes your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your web site and sales of your book. This can tell you what your optimum value is.

Finally, in case you've written a ebook that solves a drawback or presents a new method, your e book will herald each visitors and profits.
